## Summary

I am an inquisitive and enthusiastic individual, always eager to learn and build upon my skills. With a strong problem-solving ability. I completed my schooling and intermediate education in Goa, achieving 92.5% in 10th grade and 84% in 12th grade at Sharada Mandir School (ICSE and ISC board). I have a great interest in coding, particularly in programming mobile applications. Currently, I am pursuing a Bachelor's in Technology (CSE) at MIT ADT University, where I achieved a 1st year CGPA of 8.38. My extracurricular activities include participating in debates, quizzes, monologues, and playing football. I have completed various certifications and projects in programming languages such as Java, C, C++, and Python. I also believe I am a great leader and a team manager, and every recruiting company always looks for such qualities in their employees.
